**W**e have introduced TK Arabian Center – a new Arabian horse training and breeding place in Poland last year when they started from working with Polish & US best trainers, winning medals and not lower than top five places with all horses and gathering the group of top quality own broodmares. Let's see what's up at TK Arabian Center in Poland after 2017 show season and just about the new year 2018?

### SHOW RESULTS 2017!

Our biggest success of 2017 show season? - It's the satisfaction of the clients who send their next horses to us and advise our services to their friends. We have spent great show season with great people and their beautiful horses winning 8 medals at 9 international shows we went to (4 times gold, 3 times silver and 1 bronze). From these shows we brought also 9 Top Five winners, Best Head Trophy at Nordic Open B International Show and Best Handler of the Show Trophy for Tomasz Kotyński at DK Open International Show. Please mind it's just our second show season ever...

We were very happy to work with **Ta Merij Arabians** – their yearling colt **TM Lamborghini** by Ascott DD won Gold Medal at Babolna International Show as his debut and Silver Medal with highest score from the males at Kauber-Platte B International Show. His maternal sister **TM La Fenice** by Porto was Gold Medal Champion and highest scored horse (92,33) at Kauber-Platte B International Show as well.

Another horse to be named gold was beautiful WH Justice son **Elgast** from Słowianin Arabians, Poland. Successful as a young colt he started his career as senior coming to TK Arabian Center. During his 2018 debut he got Bronze Medal Champion title at prestigious Tulip Cup B International Show in Holland and then he improved this result becoming Gold at Nordic Open B Internationals in Denmark. At the same country successful was also our own filly Estura by Kabsztad taking Gold Medal at DK Open International Show. She is now awaiting her first baby to be born sired by Elgast. We also followed the successful cooperation with friends from **Polia Arabians** with their filly **Gallileah** by Espekt who

came to us as 2 old furry filly from Norway and turned out into Gold Medal Champion and highest scored female at International Show in Finland. She stayed with us over winter time and in 2017 got Silver Medal Champion at Nordic Open B Internationals in Denmark. At 2017 Egyptian Event in Denmark the colt **Intisar Saif El Dine** from **Intisar Arabians/Austria** debuted as 3 years old. He ended up with Silver Medal Junior Stallion title. Continuing his show training at TK Arabian Center he was placed Top Five at Egyptian Event Europe. It was also a honor to win important special awards during this season. One of most important for us was the one the cutest colts we ever hosted – **LF Aarmaan Vittorio** by Magic Magnifique from **La Fame Arabians/Germany**. He deservedly won Best Head Trophy at Nordic Open B Internationals in Denmark as well as was high 3rd placed at strong competition of Tulip Cup B Internationals in Holland. We are happy that almost all horses we had in training across 2017 show season were always placed at least in top fives of their classes at any shows they went. We believe that every small successes bring us closer to victory.

Developing and learning is our passion – we never say we know all, we are excited to learn and we are proud that we can learn from a great people - trainers, breeders and jugdes from the industry. We hope in addition of time and patience the hard work and passion will lead us to further goals.

### WINTER TIME AT TK ARABIAN – NEW CO-OPERATIONS

Important part of our work is taking care about our client's horses – not only during show season. For the winter time 2017/2018 we host the mares of some new honorable clients such as **Heartfall Arabians of Sweden** – their amazing filly **HF Josephine** by RP Burj Al Arab will spend 2018 show season with us. We also started the co-operation with Al Khalediah Stables Poland and we keep good care of two precious acquisitions of our friend Mostafa Benlafkih of **Issan Stud/Morocco** who owe beautiful pregnant mares bred by Michalów Stud Poland – **Złota Nić** by Emigrant and **Złotnica** by Ekstern (being  $\frac{3}{4}$  sister to World Champion Mare – Zagrobla). Another valuable producing mare – **Fila** by Oset purchased at Pride of Poland 2016 by **Aburaqaba Stud of Kuwait** spent a whole year with us delivering one of the most beautiful Pogrom filly we ever saw while at TK Arabian Center. We wish them the best of luck with her at the showings in Kuwait!

First horses for show training and marketing in this coming season are also arriving to us from Poland and abroad already. You will see some very interesting individuals by world top sires with Tomasz Kotyński on the lead that's for sure!

Our latest exciting agreement is the co-operation with **SG Labib Partnership** as the exclusive Polish agent of this

breathtaking stallion. We believe that top quality pedigree combining his sire (WH Justice) and Straight Egyptian dam - DF Halifa being a daughter of Al Lahab will pass the great package of exotic type and refinement on with as great results as it happened at Dubai Stud where SG Labib produced a multichampion stallion D Hajes, two Silver Medal Champion Fillies from Wels – D Yamanah and D Heba and Bronze Medal Champion Filly from Menton – D Danat.

## BROODMARES COLLECTION OF TK ARABIAN

During the Open Day in August we had a chance to present our own collection of pregnant broodmares to international community. There was beautiful Czech National Silver Medal Champion Mare **Ektesa by Assal AA** in foal to Gold and Bronze Medal Champion – Elgast by WH Justice, **Elnaya by Alert** - daughter of Emocja from Michalów Stud and maternal sister to famous Ejrene sold to Ajman Stud and Espresso bred by Knocke Arabians. She is expecting very first Polish bred foal by **AJ Portofino** soon.

Our next precious Polish-bred mare presented was exotic 2017 Gold Medal Champion Filly at DK Open **Estura by Kabsztad**, son of Kwestura and out of Eusara – daughter of great Euskara from Bialka Stud. She is expecting her first foal this winter – by Elgast (WH Justice). For the first time pregnant is also our homozygotous black **AHB Aidha by Nijem El Aziz**, granddaughter of World Champion Royal Colors. She will deliver the baby by World Champion Stallion **Wadee al Shaqab** in 2018. Our latest acquisition is

*Jasmine BM by Stival* out of full sister to Panarea by Palawan (by WH Justice) and she is also being bred to Wadee Al Shaqab! We are very excited to welcome this royal cross in Poland soon.

*In our opinion one of the most challenging aspects of breeding is to create own type of a horse being recognised anywhere they go. It needs a long time, big experience and hard work that is still in front of us but we have a vision of Arabian horse we want to breed, we have our favourite bloodlines we want to use, we have versatile pedigrees group of mares that can be bred to any stallion you can think of and people's attention show that we are probably on the good way. Some of our broodmares were sold in 2017 to Qatar, Morocco, Saudi Arabia and UAE.*

#### **ADVANTAGES OF KEEPING YOUR HORSE WITH TK ARABIAN**

*The location of our place is versatile in many ways – it is located at Polish second biggest National Park with all its wild nature attractions, its just 45 minutes of highway drive from Warsaw and from 2 international airports and horses are under the best care of our qualified grooms 24hours a day with camera monitoring for pregnant mares or special treatment horses.*

*We have been dreaming on this place since years so we had a lot of time to plan it all carefully – from the most beautiful garden planting around, through the best way of horse training to even most interesting non equine attractions for our visitors. Official opening took place in August 2017 when we welcomed some international guests at first TK Arabian Center Open Day that was video recorded by Arabian Horse Global.*

*We want to follow the clients expectations treating the horses the traditional Polish way – stressless and enjoying our beautiful surroundings. Using over 15 years of experience with promoting an Arabian horse we are able to offer our clients' horses a professional conditioning, regular photosessions that we make on our place and advertising worldwide. The difference in prices of all those services between Poland and Western countries is still a big advantage as well so we are getting ready to welcome the customers and their horses not only from Poland but also from abroad. We are sure you will not be disappointed by the level of services and the beauty of the place. Stay tuned with the news on our website and Facebook. You will see us back soon in 2018 – don't miss this place while visiting Poland!*
