Chi non ha sentito parlare del giovane stallone grigio proveniente dall'Italia e che, piano piano, si sta creando un nome? La sua produzione è ricercata ed apprezzata in tutta Europa, in Brasile e nel Medio Oriente. Essere un figlio di WH JUSTICE non portatore di CA lo rende un valido riproduttore per molti allevamenti in tutto il mondo.

Amir Ashiraf è nato in Italia nel 2004 ed è uno dei primi figli del famoso WH JUSTICE. La mamma di Amir, Guendalina, è di linea prevalentemente russa, incrociata con Nabeg, Kumir e Numizmat.

Giacomo Boscarino de 'Il Paradiso Stud', alla sua nascita, già sapeva che sarebbe diventato qualcosa di speciale.

Amir, all'età di un anno, iniziò ad muovere i "primi passi" nel mondo degli show. Debuttò a Voghera (Italia) a 13 mesi, dando immediatamente prova di essere un rivale tosto per i suoi coetanei. In quell'occasione, non solo vinse la categoria, ma si aggiudicò anche il titolo di Riserva Campione giovani Puledri. A Travagliato, la conquista di un'altro titolo di Riserva Campione, secondo solo al futuro Campione del Mondo Puledri MA Shadow el Sher.

L'anno seguente partecipò alla 'All Nations Cup' di Aachen, conquistando il quarto posto dopo i campioni Marajj e Marquis. Noto anche il piazzamento agli show di Parigi e Menton.

...ma il vero successo di Amir è la sua produzione. Nel 2007 arriavrono i suoi primi puledri. Tra i questi ricordiamo Anthasia Ashiraf (x Co Pashmira) Riserva Campionessa Puledre a Marina di Pietra Santa

Who hasn't heard of the young grey stallion coming from Italy that is slowly making a name for himself. His offspring are sought after and well cherished all over Europe, Brazil and the Middle East. Being a CA clear son of WH Justice, makes him a valuable breeding partner for many studs around the world.

Amir Ashiraf was born in Italy in 2004, making him one of the first foals by the world famous WH Justice. The mother of Amir, Guendalina, is mainly Russian bred, crossing to Nabeg, Kumir and Numizmat. Already from the day he was born, his breeder Giacomo Boscarino of Il Paradiso

This same success he continued in Travagliato, Italy, being reserve again behind MA Shadow el Sher, who would later be crowned as World Champion colt. The year after he was

decisamente sulla strada per essere il degno successore di suo padre. Nel 2008, da Amir, sono nati anche Jaffar by Ashiraf (x Najia el Mut), puledro dalla grande tipicità, la pluricampionessa Mahtab (x TM Nadina), la due volte Riserva Campionessa Najaa by Ashiraf (x Hacuna Matata) e la strepitosa Aisha Dueba el Zaid (ex Dueba el Zaid), recentemente esportata in Iran. Dopo questa sequenza di incredibili puledri, le aspettative per i puledri del 2009 aumentarono decisamente. Amir, ancora una volta, non deluse gli allevatori che riposero la loro fiducia nello splendido e giovane stallone. Nel 2009 è nata la bella VA Shiraf ibn Vivi

shown at the All Nations Cup Aachen and took the 4th place behind world champions Marajj and Marquis. He continued to be highly placed at the show in Menton and Paris. However, the real success of Amir Ashiraf is his production. In 2007 the first foals of Amir started to hit the ground. This foal crop included 2009 Marina di Pietrasanta Reserve champion filly Anthasia Ashiraf (ex Co Pashmira). In 2008 it was her full brother Hassan Ashiraf that saw the light and he on his turn became Champion colt at the show in Seriate, Italy, as well as Reserve champion at the prestigious show in Verona. Today, Hassan Ashiraf is a respected breeding stallion himself, with already champion offspring all

Questo fu il primo di una serie di successi internazionali che Amir ed i suoi figli raggiunsero e Mentre Shiraf proseguiva la sua escalation conquistando titoli in Brasile, sua figlia Asia by Ashiraf (x Klelia by Sosta) nata nel 2009, faceva onore

around Europe. Being only five years old, Hassan Ashiraf is already proving to have inherited the same sire qualities as Amir, producing one stunning foal after the other, definitely only his way to be the successor of his father. 2008 brought the typey colt Jaffar by Ashiraf (ex Najia el Mut), the multi champion filly Mahtab (ex TM Nadina), the double reserve champion filly Najaa by Ashiraf (ex Espiria), the Seriated champion futurity filly Amira by Ashiraf (ex Hacuna Matata) and the fantastic Aisha Dueba el Zaid (ex Dueba el Zaid) who was recently exported to Iran.

After this impressive foal crop, the expectations raise highly for the 2009 foals to arrive! And Amir proved again not to disappoint the breeders that putted their trust in this beautiful young stallion. In 2009 the very pretty VA Shiraf ibn Vivi (ex Vivi) was born. At already an early age he catches the eye of the Brazilian breeders of Haras Stigmatas and

al nome di Amir in Italia venendo proclamata Riserva Campionessa a Marina di Pietrasanta! Nel frattempo, Raja by Ashiraf (x TM Nadina) nata nel 2009, venne notata da un allevatore iraniano e mandata all'estero. I successi dei figli nati nel 2009 continuano con Hammer by Ashiraf (x Waraia) – Campione Puledri allo show di Marina di Pietrasanta, con Sedra by Ashiraf (ex Tihanj), Riserva Campionessa allo show di Malpensa e con Calamity Mal (x Kali Mal), Campionessa Puledra allo show di Malpensa e allo show di Marina di Pietrasanta.

Nel 2010 sempre più allevatori notarono Amir Ashiraf che anche in quell'anno produsse numerosi campioni. Fra questi ricordiamo Stig Ashirafa (x Evelyn Bey) allevata in Brasile, vincitrice di categoria allo show di Milano ed ora di proprietà di un allevamento olandese; Stig Sterlitza (x Espiria), vincitrice di categoria allo show di Salerno (Italia) e Sorahia by Ashiraf (x Tihanji), successivamente venduta in Iran dove recentemente ha vinto lo show. Data la sua affermazione come ri-

soon after was exported to this beautiful country. Here he proved his quality by being named Gold medal champion at the Brazilian Cup in 2010. This was the first of many transcontinental successes that Amir his offspring would have. While Shiraf claimed the titles in Brazil, it was the 2009 born filly Asia by Ashiraf (ex Klelia by Sosta) who kept Amirs reputation high in Italy by being named the Marina di Pietrasanta Reserve Champion filly! In the meantime the 2009 born Raja by Ashiraf (ex TM Nadina) caught the eye of the Iranian breeders and was sent overseas. However, the success of the 2009 foals continued with Hammer by Ashiraf (ex Waraia) – Champion colt at the Marina di Pietrasanta show, Sedra by Ashiraf (ex Tihanj) – Reserve Champion at the Malpensa show and Calamity Mal (ex Kali Mal) – Champion filly at the show in Malpensa and the show in Marina di Pietrasanta !

In 2010, more and more breeders had noticed Amir Ashiraf. And again this year he produced champion after champion. Most successful were the Brazilian bred Stig Ashirafa (ex Evelyn Bey) – Class winner at the Milano show and now

produttore, Amir Ashiraf fu preso in leasing da Haras Stigmatas in Brasile – per incentivare l'allevamento in questo splendido Paese, cosa che fece con grande successo! Nel 2012, durante la sua permanenza in Brasile, la fattrice Elandra by Om el Extreem diede alla luce Emilio, uno splendido puledro concepito con seme congelato e recentemente venduto in Arabia Saudita. Dopo il triennio del leasing ricco di successi, Amir Ashiraf rientra in Europa e, da prominente stallone, reclama il suo trono. Ha solo nove anni, è ancora all'inizio della sua carriera come riproduttore e da lui ci aspettiamo ancora di più nei prossimi anni. Grazie ai suoi puledri e ad una visione innovativa del suo proprietario Giacomo Boscarino, Amir Ashiraf è pronto a proseguire il suo cammino verso il successo! □

sold to The Netherlands, Stig Sterlitz (ex Espiria) – Class winner at Citta di Salerno, Italy and Sorabia by Ashiraf (ex Tihanj) – who was later sold to Iran where she recently won the show. Now convinced of his qualities as a breeding stallion, Amir Ashiraf was leased out to Brazil to Haras Stigmatas to influence the Brazilian breeding, which he did with great success! While being in Brazil, the mare Elandra by Om el Extreem, foaled the beautiful Emilio in 2012, who was conceived by frozen semen and was recently sold to a new home in Saudi Arabia.

After a successful lease period of nearly three years, Amir Ashiraf has returned to Europe to re-claim his throne as a prominent breeding stallion. With his only 9 years old, this stallion is just at the beginning of his breeding career and we expect much more to come in the next years. With the foals that are already born and the innovative vision of his breeder and owner Giacomo Boscarino, Amir Ashiraf is ready to walk his path to success! □
