

ALJASSIMYA FARM

Since 1979

by Emma Maxwell ■ photos by Nawaf Al Johani, Michelle Kelly, Kelly Keneally, Emma Maxwell, SIR Photography, Howard Schatzberg Photography and Arabian Insider

Sheikh Jassim Bin Khalifa Al Thani's Aljassimya Farm is proud to have located its breeding program under the care of 100 Oaks Ranch LLC in Santa Ynez, California. The first crop was born there in 2013 and World, Menton, Scottsdale International, Las Vegas and US National Champions have been born here on the rolling hills of the farm.

Many of the breeding herd and youngsters live outside growing up as we believe horses should do and there are a great group of youngsters by 2018 World Champion Stallion Equator on lease to us, from Poland for

2016 and 2017. Beautifully made horses with his trademark effortless action there are some real home runs in this group including the 2019 Scottsdale Gold Champion Yearling Colt Momayz Aljassimya out of RP Miss Surprise.

In 2018 the very successful Straight Egyptian stallion Al Ayal AA, who took Bronze World Champion Stallion in 2018 completed a third year on lease. He provides the backbone of our just arriving 2019 crop, and is proving and incredibly consistent nick with the homebred WH Justice daughters.

BALADA AL ALFABIA (EKS Alihandro - ZT Magna Psyche by ZT Magnanimus) World Bronze Champion in 2018

WH Justice daughter provide the foundation of the farm and have been outstanding producers. World Champion CR Jasmeenah has produced in her likeness the wonderful filly Jasmeenah Aljassimya by Al Ayal AA currently with all our show horses in Italy at Giacomo Capacci Arabians.

However the WH Justice daughter RP Miss Surprise has proven the foundation mare of Aljassimya Farm. Such a broodmare that you can only dream of! Purchased as a young filly she was one of the very first horses bought by Sheikh Jassim and was soon an international champion. Not long after she moved to the USA she suffered a bad fracture of a front pastern and spent two years in recovery. It is only possible to breed her using embryo transfer, she has proven unusually fertile and given us foals by twelve different stallions.

Whatever the stallion, her offspring share her charming expression, distinctive nostrils and joie de vivre. Topped by World Champion Mai Aljassimya by FA El Rasheem who remains in Italy carrying her own foal we have an overwhelming group of her youngsters. Her yearlings Momayz Aljassimya by Equator and Missila Aljassimya by Valentinus TO were respectively Gold Champion Yearling Colt and Bronze Champion Yearling Filly at the 2019 Scottsdale International. At the same show her oldest daughter Monyat Aljassimya was Gold Champion Egyptian Heritage Mare and daughter Misha Aljassimya by Om El Bellissimo was a winning two year old filly.

Misha's full brother Misrah Aljassimya made his debut under saddle in the Hunter division with Katie Garland to win his first championship in Los Angeles 2019. We

MISSILA ALJASSIMYA

Scottsdale International 2019 Bronze Champion Yearling Filly

look forward to seeing his sister Misseda Aljassimya debut later this summer with Katie's father Tommy Garland in Western pleasure.

Our other WH Justice daughters are also competing in the broodmare stakes! We are thrilled that our 2018 Silver World Champion Mare Om El Aisha Aljassimya was accompanied in Paris by her first born son Arraab Aljassimya who followed her success with Silver World Champion Yearling Colt.

Also carrying the look of WH Justice is the 2017 World Champion Yearling Colt Figaro By Wade Al Shaqab out of the WH Justice daughter Shirin by Aisha he is now three years old and we look forward to seeing him out again for the first time since that win.

Our second special mother and son combination from 2018 was Minwah, World Champion as yearling, who returned to the ring in 2018 for the Scottsdale International Gold Champion Mare title. She was accompanied by her yearling colt Qutuz Aljassimya by Al Ayal AA who was Silver Champion, Yearling Colt. Very similar in look; harmonious bays with the widest

set of eyes, they were a lovely example of breeding at its most predictable. Qutuz followed with Silver titles in Menton and Chantilly at the highest level. Minwah's granddam is WN Samana, a Scottsdale Produce of Mare class winner who is also on the female line of our own Bronze World Champion Filly in 2018 Balada Al Alfabia by EKS Alihandro . The dramatically elegant Balada will also be returning to the arena this year.

A final link to the WN bloodlines is WN Jawahir Aljassimya (WH Justice - WN Aprils Love out of WN Antigua) who will be our elite offering in the Giacomo Capacci Summer Sale just after Menton. Not everyone here will remember quite what an impact her granddam WN Antigua made as Scottsdale Champion Mare mare thirty years ago , but this is a very unique opportunity. Aljassimya Farm have a great team of people working with the horses all over the world, whether in California or Tuscany. Our performance horses in Western and Hunter Pleasure are out around the USA and new facility has just been completed in Doha, Qatar.

Currently the largest breeder in the USA, it is important to Sheikh Jassim that every horse is brought up correctly and finds its place in the world; whether it is destined for our great gelding adoption program or aiming for a Golden saddle at the Salon du Cheval in Paris. Everyone
