MBST UNITED - MILES BUCKLEY SHOW TRAINING

Text by Talitha Bakker

Nestled in the rolling countryside just outside Lewes, East Sussex, only about 1 hour from central London, MBST United - Miles Buckley Show Training has become one of Europe's most respected names for Arabian horse training, breeding and marketing.

From its humble beginnings to international stardom, MBST's rise is fueled by precision, passion - and the unwavering strength of family. Miles Buckley, a seasoned horseman with an eye for elegance and a passion for Arabians, began his journey in the show ring as a teenager. Early success with Arabians led to a professional career that took him across Europe, the USA, and the UAE. Today, he is not only a multiple international champion handler but also the visionary behind a thriving full-service training and breeding facility.

ADHAM SAQR

With career-defining wins - like Gold Champion with Aja Adonis at the All Nations Cup in Aachen (2015) and Bronze World Champion titles in Paris with Duke Santonio ME (2018), Adam Saqr (2019) and TM Bella (2023) - Miles has become a familiar name in the highest circles of Arabian horse shows.

What sets MBST apart is not just its trophy shelf, but its foundation: family. Alongside Miles, his brother Conner Buckley and his mother Jacqueline Kennedy play a key role in training and conditioning, adding their own expertise and energy to the daily management. Also his father Edward is actively involved taking care of the farm maintenance and offering support that makes the facility more than just a business - it's a home.

GREGOR AYMAR

This familial atmosphere extends to the wider MBST team. In 2020 accomplished horseman Gregor Aymar joined Miles and became partner in the training center. With his knowledge and decades of experience in the Arabian horse world made him the perfect match to join Miles and the vision to make MBST United grow. In the last years the two achieved remarkable successes together with their team.

In 2022 Thierry Oldenburg, a rising talent in the ring, joined the team as an additional trainer and handler. The result is a close-knit team with a shared mission: delivering excellence in every detail, from breeding decisions to show-day polish.
