## Arabians

**T**uttoArabi is glad to introduce to you Il Paradiso Arabians owned by Giacomo and Rosanna Boscarino.

Giacomo is a breeder, a trainer and a handler well known in the Arabian horse world.

Over the years he has turned his passion into his job.

TuttoArabi has often met Giacomo at "Il Paradiso Arabians" and had the chance to chat with him about the field we all work in.

From our conversations a special man comes to light, a man who strives to improve himself as a trainer and to support all the people who want to increase their knowledge of the Arabian horses by telling them about the horse's features, qualities and attributes and about the happiness a horse can bring into a life.

Giacomo is accurate and demands a lot from himself and even more from his family that helps and assists him. Angelo,

his son, is growing as a trainer everyday and has already had international experiences aiming for new challenges just like his father. Giacomo's wife, Rosanna, manages the stud and the contact with clients.

Every year "Il Paradiso Arabians" opens its doors to visitors and Arabian horse lovers from all over the world who have the chance to see the homebred horses and those in training at "Il Paradiso Arabians" and, at the same time, to enjoy the Open Day with friends.

Giacomo shares his success with one of his best friends, Mr. Claudio Mazza, who has just opened a branch of his breeding farm at "Il Paradiso Arabians".

Over the years "Il Paradiso Arabians" has increasingly grown thanks to the worldwide export of homebred horses, the import of leased horses and some international cooperations. Private shows and business dinners are often organized by the Stud.

*Giacomo, how did your passion for Arabian horses begin? The horse business has always been a tradition in my family, therefore it was at an early stage of my life that my passion for horses began.*

*I have studied every sort of document on the specialized press before starting to invest in the field buying my first mares to breed selected bloodlines.*

*And later how did you become a trainer and a handler?*

*I became a trainer and a handler after attending several shows and working shoulder to shoulder with experts in the field.*

*I have always believed that the best way to train my horses was training them personally, from A to Z. After practicing for a while, some friends of mine entrusted me their horses to train. So my passion became a job for me and my family.*

*You are famous worldwide as a professional trainer. How did you build your reputation?*

*Thanks to a massive advertising campaign and thanks to*

*the help from several people already in this field. The trips to Poland, Brasil and the U.S.A. have been very important to me. There I have been able to visit the most important breeding farms and to learn training methods I have never used before.*

*My thank you goes to my friend Mr. Simone Leo, the publisher of TuttoArabi, who has introduced me to the most relevant people in the Arabian horse world and who has helped me to export my homebred horses abroad. Thanks to Mr. Claudio Mazza who has always believed in me and who I have always shared my passion with. I have many people to thank, all the people who have been supporting me over the years and who every day entrusted their horses to me. I ensure my intense dedication: every horses at "Il Paradiso Arabians" feels at home.*

*What would you change, if possible, in the Italian show business?*

*I often happen to talk about it with Mr. Claudio Mazza, who organizes several shows. I think Italy lacks enough*

*enthusiasm in the horse show business, such as the enthusiasm I have seen abroad, in Brazil for example. Italian handlers and Italian breeders don't cooperate enough with each other. In Italy one's individual interest is more important than the goal of a common growth as breeders and as a Nation.*

***Have you ever thought about judging?***

*No, I haven't. I am already a trainer and a handler. Being also a judge would be too much for me.*

*Many great judges are already present in the field. And many of them are young judges who are working on relevant*

*international shows.*

***Which horses do you feel closer to?***

*Certainly Amir Ashiraf has been our main horse. With him the Stud has grown a lot. Thanks to his productivity the horse has been leased in Brazil for 2 years where he has kept producing well. Once he came back to Italy, we sold him to Farangh Fazeli from Iran.*

*Hassan Ashiraf, Amir's son, has been leased to Poland for 2 years and then he has been bought by Mohammed Bin Dalim Bin Mesbaq Al Otaibi from Saudi Arabia.*

*Co-Pashmira (Padron Ghibli x Tamira), Hassan's mother, is still by our Stud and every years gives us beautiful foals. Many times we have been asked to sell her but for now we prefer not to let her go.*

*In our future there are Shams El Ashiraf (Hassan Ashiraf x Ardesia Moniscione), who has been drawing attention in the showing and as a stallion, Cairo MCA (Hassan Ashiraf x Divina By Sajida) and Picasso Mca (Hassan Ashiraf x Siluen By Justice). I am very close to Lady Dueba El Zaid (Padrons Ghibli x*

*Dueba El Zaid), a beautiful mare who has given me many interesting foals that I have already exported.*

*What are your plans as breeder?*

*I would like to improve my Stud and I am working on it! I wish everybody a season rich in success and satisfaction.*

*Thank you Giacomo for the interview.*
