## ASE JUILLIARD *Poetry in motion*

ASE Juilliard (Da Vinci FM x ASE Bisiriya Hlayyil) and Talitha Bakker

**ASE Bisiriya Hlayyil (Bishr x Manilah) and Talitha Bakker**

**Bisharat al Dawla (RHR Heir of Marwan x ASE Bisiriya Hlayyil)**

*The breeding program of Arabian Stud Europe is based on three foundation mares. Manilah (Radameess II x Marischka), Dakaree (Dakar el Jamaal x Ultimate Fancy), who is now owned by Al Shaqab Stud and the lovely Haras Meia Lua bred Geraldine el Jamaal (Ali Jamaal x Gai Natascha). The farm is based in The Netherlands and founded and still managed by Talitha Bakker, assisted by her partner Louis Vulker.*

*The goal of Arabian Stud Europe is to breed beautiful Arabians who stand out in the show ring, are cherished for their impeccable pedigrees, loved for their abilities as breeding horses and who stand their ground at sport events. Being both beautiful and functional.*

*One of the most important mares of the farm, sadly passed away last year. The impeccable ASE Bisiriya Hlayyil. A mare, famous for her extreme type, exotic head, big eyes and incredible production as a broodmare but also for her fantastic results in endurance. Together with endurance rider Imke Lamsma, Bisiriya successfully finished several endurance races and was qualified to participate at the highest level endurance, CEI 3\* of 160km! Besides her great performance as a sport horse, Bisiriya was also awarded with the Elite certificate from the Dutch Arabian Horse society for her fantastic results as a broodmare. Bisiriya has had only champion offspring that was loved all around the globe.*

**ASE Magnificent (ZT Magnanimus x ASE Bisiriya Hlayyil) with international endurance rider Anne Wegner**

*At Arabian Stud Europe, there are still two daughters left and one still due in March 2021. These two daughters are ASE Kamiliya Hlayyil by Kahil al Shaqab and Bisharat al Dawla by RHR Heir of Marwan. Kamiliya was successful shown as a youngster and will be bred to El Jabez WH for a 2022 foal while Bisharat is still young and will turn 2 this year. Another daughter of Bisiriya is still owned by Daa Karaali, who is a dear friend of Talitha and who is the owner of Al Dawla Arabians. This daughter is the special Adalat al Dawla by WH Justice, who is currently in show training with Elba training Center for the upcoming season.*

*Arabian Stud Europe also stands two sons of Bisiriya at stud. The 6 years old ASE Magnificent (by ZT Magnanimus) who is starting his endurance career this year in the capable hands of Anne Wegner from Germany. Magnificent is also a very good sire and his first foals look very promising!*

*The other stallion is the 5 years old ASE Juilliard, who is making a big name for himself within the Arabian Horse community, one foal at the time.*

**ASE Kamiliya Hlayyil (Kahil al Shaqab x ASE Bisiriya Hlayyil)**

**ASE Juliette**  
(ASE Juilliard x ASE Sayuri)  
sold to Israel

**ASE Juilliard**  
(Da Vinci FM x ASE  
Bisiriya Hlayyil)

*ASE Juilliard was born in 2016 and is a son of Da Vinci FM by Versace. From the moment he was born, he stood out by his extreme type and ultra exotic type with huge friendly eyes and showy movement. As a younger he won the Silver medal at the International B-show, Tulip Cup in Holland. Besides his incredible head, Juilliard also has size, strong correct legs and hoofs and a strong body. And in addition to having a famous father, Juilliard also comes out of a double blessed mare, being both a show mare and a top level CEI 3\* endurance mare. This attracted breeders from both the show world and the endurance world to send their mares to him for his first breeding season. At the age of two, Juilliard already served mares all over Europe. By the age of three,*

*Juilliard already sired a bronze medal champion foal and a National reserve champion filly!*

*Slowly breeders were noticing that ASE Juilliard was working magic on all types of mares. Breeding show type fillies with plain endurance mares and still keeping the foals in balance and showy, full of snort and blow and to still retain that calm and friendly character which makes them a great companion as well. Juilliard foals were becoming popular and with the first two daughters being sold to Israel, the interest in Juilliard is growing by the day.*

*Also this year, Juilliard will stand at stud for a limited number of mares before he will go to Elba training center to be prepared for his show debut as a senior stallion.*

**ASE Falaree**  
(Fadi al Shaqab x Dakaree)

Falaree is a successful sport horse in dressage, jumping and endurance

*When the mare Dakaree was sold to Al Shaqab stud in Qatar, Talitha retained her last filly, ASE Falaree by Fadi al Shaqab, for her future breeding program. ASE Falaree will turn eight this year and has not only turned out to be a great brood mare, she also doing very well as a sport horse.*

*In 2019, ASE Falaree gave birth to her first foal, a beautiful grey filly named ASE Faiana by the farms junior stallion ASE Magnificent. After weaning, Falaree was brought back in condition and won the 40km endurance in Ankum, Germany. She continued this success by winning the 53km in Leende, The Netherlands in 2020. Due to Covid-restrictions, she was not able to continue much in endurance and in January this year, she gave birth to a very pretty filly named ASE Falicia. Sire of this filly is multi champion ASE Farhan (RFI Farid x ASE Bisiriya Hlayyil) who was sold to Ultimate Stud in Switzerland in 2020.*

*The plan for Falaree is to build out her endurance career and compete internationally in 2022. Along with competing in dressage and cross country, which she also loves to do! For now, her daughters ASE Faiana and ASE Falicia will continue her line in the Arabian Stud Europe breeding program.*

**ASE Faiana (ASE Magnificent x ASE Falaree)**  
sold to Belgium

**ASE Falicia (ASE Farhan x ASE Falaree)**

**ASE Zad Shiraz**  
(Shiraz de Lafon x Glamour Girl J)

*In 2015 we had the opportunity to get involved with the breeding program of Christine Jamar when an embryo right of Glamour Girl J was used with the young exciting stallion Shiraz de Lafon. This resulted in the flashy colt ASE Zad Shiraz. A grey colt, full of type with mind-blowing movement. A gift he inherited from his Polish grandmother Georgia and which he is passing on to all his offspring as well. ASE Zad Shiraz, who goes by the name of Shiraz, has grown up to be a beautiful stallion. In 2019 he was named Gold medal champion at the show in Bunschoten and was also named 2019 National reserve champion colt, behind his stable mate ASE Farhan. In 2020 he was not shown due to the Covid restrictions but will hopefully make a comeback in 2021. In January this year, ASE Zad Shiraz was also approved with the Dutch studbook for Sport horses (NRPS). From all the Arabians that participated, he was the only one to get approved and was praised for his jumping techniques. Shiraz is also ridden under saddle in dressage and in endurance he shows very low heartrates and very fast recovery times. A true versatile Arabian.*

*In 2020, the first foal crop of Shiraz was born. One of them was a beautiful colt out of ASE Konooz (Hariry al Shaqab) named ASE Hafez el Shiraz. This colt was shown at the International B show in Ströhen, Germany where he got through to the final overall foal championships, where he got one vote for Gold and ended up with the Overall Bronze medal, charming everyone with his fantastic movement. Hafez is now sold to Morocco.*

**ASE Zad Shiraz during the Sport Horse Stallion selection test**

**ASE Hafez el Shiraz (ASE Zad Shiraz x ASE Konooz)**  
Bronze Medal champion, Interantional B-show Ströhen

**Jazzmeen** (Essteem x Jasmyme) & Talitha Bakker

**ASE Aaliyah Hlayyil** (Hlayyil Ramadan x Manilah)  
bred to El Jahez WH for 2022

**ASE Mayana** (ASE Marajó x Geisha P) with Talitha and her partner Louis

*Most famous stallion of Arabian Stud Europe is probably still the big black stallion Jazzmeen. A son of World champion Essteem (Fame VF) and out of Jasmyme (Nyhl el Jamaal). Jazzmeen has gained thousands of fans around the world with his versatility as an Arabian, doing both dressage and*

*cross country, but most by his amazing character. Kids all over the world come to visit him on a yearly bases and he loves to be hugged and brushed by them. Jazzmeen is turning 21 years old this year but it still breeding a lot of Arabian mares as well as sport horses.*

**Geraldine el Jamaal (Ali Jamaal x Gai Natascha)**

*One of the Queens of Arabian Stud Europe is 19 years old Geraldine el Jamaal. Bred in Brazil by Lenita Perroy of Haras Meia Lua, Geraldine was exported to The Netherlands in 2016 at the age of 14. Here Geraldine started a whole new chapter of her life. She was introduced to the saddle at the age of 15 and started to do some endurance races. She showed a lot of talent and is currently competing in endurance races over 80+ km! Showing a great attitude to run and low heartrates with quick recoveries.*

*Of course Geraldine her main focus stays in the breeding barn. Being one of the youngest direct daughters of Ali Jamaal in the world, Geraldine also comes out of a fantastic damline! Her dam, Gai Natascha was bred by the Gainey family in the United States and is a daughter of the great Bey Shah and the beautiful Gainey-bred mare Gai-*

**Geraldine is also a very successful endurance horse. Together with Talitha Bakker they are participating at competitions between 80 and 120km.**

*Radiance, who is the full sister to the famous Gai Radiant. While with Arabian Stud Europe in the Netherlands, Geraldine has produced some extraordinary offspring! Geraldine is a true filly-producer. While it might be the stallions influence, Geraldine always knows how to flip the balance by giving one filly after the next. First filly to be born in The Netherlands was the beautiful, big moving, dark bay ASE Gabriella al Gazal by Gazal al Shaqab, followed by ASE Genevieve el Marc by QR Marc. Both of these fillies are still owned by Arabian Stud Europe today. After these two fillies, Geraldine was leased to Al Jood Stud of Qatar for whom she produced again two fillies. The lovely Qamar al Jood (by Qaysar al Jood) and the flashy Alicia al Jood (by Alixir), the last one to be resold to Morocco earlier this year.*

**ASE Gabriella al Gazal**  
(Gazal al Shaqab x Geraldine el Jamaal)

**Qamar al Jood (Qaysar al Jood x Geraldine el Jamaal)** Bred and owned by Al Jood Stud, Qatar

**ASE Genevieve el Marc**  
(QR Marc x Geraldine el Jamaal)

*In the last years, Geraldynne has proven to be a consistent producer of Black foals. In 2019 Geraldynne surprised everyone by giving birth to a Black colt by WH Justice. This colt, ASE Justice el Jamaal, got the attention of many, as he was not only Black but also very beautiful and refined. He was sold to Al Dawla Arabians from Australia as a yearling and is currently standing at stud with Elba Training center in Belgium. The expectations are high!*

*Early 2021, Geraldynne had a unbelievable pretty filly, born by embryo transfer, sired by Magic Magnifique. This filly, named Guinevere PKA, was bred and owned by Peka Arabians, who purchased the embryo right of Geraldynne the year before. Guinevere is the perfect cross of her parents. The extreme face of Magic Magnifique, the big eyes of Geraldynne el Jamaal as well as her long neck, her body and her beautiful movement. We are looking forward to see her in the show ring this season!*

*For 2021, two more foals of Geraldynne are expected to be born. One sired by the great sire ASE Juilliard and one sired by D Angelo. The last one will be bred and owned by Elizar Arabians, who purchased this embryo right of Geraldynne.*

*For 2022, the breeding plans already taking place. So has Geraldynne be bred to the young exciting stallion AJ Yas (by Vervaldee) for a 2022 foal. There is also still one embryo right for sale for the upcoming season.*

*Geraldynne has been a true gift to Arabian Stud Europe and it will be excited to see what the future will bring! □*

**ASE Justice el Jamaal** (WH Justice x Geraldynne el Jamaal)  
Now owned by Al Dawla Arabians, Australia

**Guinevere PKA**  
(Magic Magnifique x Geraldynne el Jamaal)  
Bred and owned by  
Peka Arabians, The Netherlands
