GOLD SENIOR MARE

Nestled in the scenic Želivská pahorkatina region of the Czech Highlands, Kanka Arabians thrives in an area renowned for its rolling hills, lush forests, tranquil meadows, and serene ponds. This idyllic landscape, dotted with charming villages and an intricate network of winding roads, creates the perfect environment for breeding horses. The endless pastures, bordered by dense woodlands, offer an invitation that any horse enthusiast would find irresistible.

At Kanka Arabians, horses have been their lifelong companions. Their journey began in 1997 when they

acquired their first Shagya Arabian horse, a mare named Shagya Araba- ASIBA Cz- Sh-A 98. She was a daughter of the renowned Siglavy Bagdady II, a bloodline steeped in history and elegance. Her dam, Azalka (151 Tobrok), further contributed to her exceptional pedigree. Soon after, ASIBA was joined by a noble stallion, Shagya Arabian Labaquan (673 Saklavi I-CZ), whose ancestry traces back to the prestigious Rasim II-Top.

In 1999, their passion for Arabian horses led them to acquire their first thoroughbred Arabian mare, the striking dark chestnut SALEM. With Ukawango as her sire and Soár

El Nil by Sayed as her dam, SALEM quickly became a cherished member of their stable. Not long after, they welcomed WINONA, a mare with a strong pedigree—Eter x Worka by Parys. Both SALEM and WINONA have proven their worth in the competitive world of endurance racing, demonstrating remarkable athleticism and stamina. More importantly, they have excelled as broodmares, passing on their strength and grace to the next generation of Kanka Arabians.

Through the years, they have continued to expand their herd, acquiring other exceptional mares, each contributing their

unique qualities to their breeding program. They remain enchanted by the beauty, nobility, and spirit of Arabian horses. Their presence in their lives has been a constant source of joy and fulfillment, and they are committed to ensuring that they will be their lifelong companions.

Today, the heart of Kanka Arabians beats through a carefully selected group of exceptional horses. Their current herd includes a remarkable line-up of mares and promising young colts that represent both the strength of their breeding program and their vision for the future. Among their treasured mares are Malika J (Alexxander x Mojita J by QR

Marc), Edelmira (Emigrant x Elatea by Angor), S.M.A. Morwenna (Raoud Albidayer x Majidah bint Pacha by AS Sinans Pacha), KA El Lilith (Hanine al Shahania x Edelmira by Emigrant), and KA Marilyn Monroe (Nebras al Hamad x S.M.A. Morwenna)—each of them embodying the grace, athleticism, and refined character that define the Arabian breed. These mares are not only beautiful and well-bred; they are also the foundation of future generations, carrying forward the legacy they've worked to build.

Complementing them are their young colts, whose potential already shines through. KA Wortex Neymar (Wortex Kalliste

x Naseema by Naseem al Rashediah), KA Messi (ES Harir x Malika J), and KA Elrond (Mansurat RB x Edelmira) bring a new level of promise to their stable. With strong pedigrees and dynamic presence, they represent the next chapter of Kanka Arabians—where tradition meets modern excellence. As they grow and develop, they look forward to watching them follow in the footsteps of their distinguished ancestors, whether in the show ring, on the endurance trail, or as future sires in their breeding program.

The now two-years-old KA Wortex Neymar holds a special place in the hearts of all the people at Kanka Arabians. He

was bottle fed as a foal and with all their efforts he grew up to be a beautiful strong yearling colt, who won the Gold medal at the shows in Vilhemsborg and at the National Championships in Praag. He won the silver in Ströhen and was 2nd at the European Championships. In addition to these amazing results, he also got 6th at the World Championships in Paris. At this moment, Wortex Neymar is standing at MbD Arabians in Poland to prepare for the new showseason while the other youngster, KA Messi, is being prepared at Van Gils showtraining in The Netherlands.

At Kanka Arabians, they take great pride in carefully selecting horses that embody the finest traits of the Arabian breed—strength, endurance, elegance, and character. As they look towards the future, they are excited to continue their journey with these magnificent creatures, enriching the legacy of Kanka Arabians for generations to come.
