

ARABIAN STUD EUROPE

by Talitha Bakker ■ photos Arabian Stud Europe archive

Arabian Stud Europe is a boutique breeding farm founded by Talitha Bakker. Created out of passion and love for the Arabian horse which she shares with her partner Louis Vulker. Together they run their farm in Winterswijk, The Netherlands.

The breeding program started with three foundation mares; Manilah (Radameess II x Marischka), Dakaree (Dakar el Jamaal x Ultimate Fancy) and Geraldyné el Jamaal (Ali Jamaal x Gai Natascha).

The goal is to breed beautiful Arabians that can win in the show ring but are also correct enough to participate in sport events like Cross country and endurance. Talitha also always keeps an eye on the pedigrees as they should have a perfect blend of classic and modern lines.

Geraldine el Jamaal (Ali Jamaal x Gai natascha)

Geraldine el Jamaal

Geraldine is a 18 years old direct daughter of Ali Jamaal and comes out of the Gainey-bred mare Gai Natascha, who is by Bey Shah out of Gai Radiance, who is the full sister to Gai Radiant. Geraldine is a very valuable broodmare for the farm but is also an enthusiastic endurance horse who is still competing in 100+ km endurance distances. She is currently in foal to Magic Magnifique for Peka Arabians and to D Angelo for Elizar Arabians. Both by embryo transfer. She is also expecting a foal by the young exotic stallion ASE

Juilliard (Da vinci FM) who will also be born through embryo transfer next year.

Geraldine gave many beautiful offspring. Two of which are owned by Al Jood stud in Qatar and two of which are still owned by Arabian Stud Europe. Last year, Geraldine gave birth to a beautiful flashy BLACK son of WH Justice. This colt, ASE Justice el Jamaal, is very special and will be breeding his first mares next year, before entering the showring. "We were hoping for a good son of Geraldine," Talitha says. "That he came out Black was a total surprise of

Manilah (Radameess II x Marischka)**ASE Bisiriya Hlayyil (Bishr x Manilah)**

which we are grateful for! We cannot wait to breed our best mares to him next season!" Justice el Jamaal is owned by Al Dawla Arabians, Australia but will stay in Europe for the next couple of years to fulfil his breeding obligations.

ASE Gabriella al Gazal

One of the daughter of Geraldine is the beautiful big moving mare ASE Gabriella al Gazal, sired by Gazal al Shaqab. This mare is a true gem and for 2021 booked to the exotic Jyar Mei Lua.

The other daughter the farm has from Geraldine is a very elegant and pretty filly named ASE Genevieve el Marc by QR Marc.

Dakaree

Another foundation mare of Arabian Stud Europe, has been the mare Dakaree. This unbelievable pretty mare was by Dakar el Jamaal and out of WN Ultimate Fancy. She was sold to Al Shaqab stud in 2013. Her last filly, ASE Falaree by Fadi al Shaqab, was a treasured gift. This mare

is successful in dressage, showjumping and cross country, has won many endurance competitions and also proved to be an amazing producer of show horses. She already has a fantastic filly named ASE Faiana in 2019, who was sired by the ZT Magnanimus son, ASE Magnificent. For 2021, ASE Falaree is in foal to multi champion ASE Farhan by RFI Farid.

Manilah

The mare Manilah has been the mare who started it all. Bought in 2006, Manilah has left the farm with some amazing offspring. At the age of 21, Manilah is still strong and vitale. She even successfully competed at the International Arabian Horse Weekend last summer where she not only won the best movement trophy with the veteran mares, but also

ASE Juilliard (Da Vinci FM x ASE Bisiriya Hlayyil)

ASE Jazzeem
(Jazzmeen x Geisha P)

Jazzmeen (Essteem x Jasmyne)

ASE Justice el Jamaal (WH Justice x Geraldnye el Jamaal)

ASE Konooz (Hariry al Shaqab x Stig Ashirafa)

won her class with the beautiful point total of 90.38 points. Manilah is a daughter of the Straight Egyptian stallion Radamess II (Salaa el Dine) and comes out of the Elite mare Marischka who is by Plakat and comes out of the treasured damline of Moheba II. Over the years, Manilah has been successful in the show jumping, cross country, endurance, won the 400m race at the age of 15 and was also successfully shown. In 2007, she not only won the class of senior mares

at the Arabian Horse Weekend, but was also named Senior champion mare and Best in show! A few years later she was re-introduced to the showing, where she was Silver medal champion at the show in Zottegem, Belgium and was 2nd in a strong senior mare class at the International B-show in Lier, Belgium.

Manilah left the farm many offspring. Her son, ASE Marajó (by Marajj) has won many competitions in endurance up

ASE Kamiliya Hlayyil (Kahil al Shaqab x ASE Bisiriya Hlayyil)

to CEI 2* 120km level and also won many titles in the showring. At the moment, only one offspring of Manilah is still present at the farm. The young filly ASE Aaliyah Hlayyil by Hlayyil Ramadan. The best offspring Manilah had, unfortunately died earlier this year. Her name was ASE Bisiriya Hlayyil.

ASE Bisiriya Hlayyil

This mare has been amazing. Not only was she a top three winner at the internationale CEI 2* endurance race of 120km, she was also producing champion after champion until her untimely death early 2020, just days before her filly was ready to be born. Both of them were lost in the battle.

Bisiriya was loved by many. She was leased by Simone Leo of Tutto Arabi, who she gifted a filly. She was leased by Knoke Arabians who got a beautiful son Bacchus KA by QR Marc who was successful at many shows and the last two years she was leased by Al Dawla Arabians, Australia, who got to extremely beautiful daughters from her. The one by WH Justice, named Adalat el Dawla, to be the most special one. For 2021, the farm is still expecting one last foal from Bisiriya by embryo transfer, sired by RHR Heir of Marwan. At the moment, Arabian Stud Europe, still owns two sons and two daughters of Bisiriya.

The daughters of Bisiriya are ASE Kamiliya Hlayyil (x Kabil al Shaqab) and Bisharat al Dawla (RHR Heir of

ASE Hafez el Shiraz (ASE Zad Shiraz x ASE Konooz)

ASE Falaree (Fadi al Shaqab x Dakaree)

ASE Juilliette (ASE Juilliard x ASE Sayuri)

ASE Zad Shiraz (Shiraz de Lafon x Glamour Girl J)

Marwan). Successfully shown as a youngster, Kamiliya now takes her mother's place in the breeding barn. For 2021 she is booked to the reigning Brazilian National champion stallion El Jabez WH. Bisharat will enter the showring in 2022.

ASE Juilliard

The chief sire at the stud is the 4-years old son of Bisiriya named ASE Juilliard. Sired by Da Vinci FM (Versace), her is the half brother to Dominic M. Despite his age, ASE Juilliard already made a strong name for himself as a producer of extreme type. At the age of three, ASE Juilliard

Medina el Assuad (Mouazar x Masoura)

had already sired a National reserve champion filly and a Bronze medal champion colt. With his extreme face, big eyes and showy movement, he stamps his foals with exotic looks, even when bred to 'normal' mares. Besides his extreme head, he also has a strong body and straight correct legs. He is also very tall (1m60). Combined with a very sweet and calm character, Juilliard has been on top of the list with many breeders. Also outside Europe his offspring are popular. Currently his daughter ASE Juilliette (out of ASE Sayuri) is ready to make her debut in the showring in Israel.

Jazzmeen

Of course Arabian Stud Europe is most known for their famous black stallion Jazzmeen. A son of Essteem out of the heavily Ali Jamaal bred mare Jasmyne (Nyhl el Jamaal). Jazzmeen has been successful in several sport divisions and is breeding offspring that excel in endurance, dressage and

eventing. This year, Jazzmeen turned 20 years and he still looks like a youngster!

Endurance

Besides being active in the show- and breeding scene, Arabian Stud Europe is also very successful in endurance. Several homebred horses have reached the highest level of endurance and are competing internationally on CEI 2* level. In between breeding, the mares are all competing. 18 years old Geraldine el Jamaal is even competing at 100+ km endurance races. Of course at a lower speed than her younger colleagues but she is still making success! For the past two years, Talitha has leased the mare Geisha P, who is maternal sister to Reserve World Champion endurance Laiza de Jalima. Bred to Jazzmeen, Geisha gave this year birth to a strong colt named ASE Jazzmeem which will be maintained for future endurance races. □
