AL RAJHIAT STUD

*Three great powers under one flag
the new breeding giant raising up in Saudi Arabia*

The Arabian horse community got used to the spectacular purchases made worldwide from time to time. But the acquisition of few most entitled and most expensive horses in the world plus one of the most famous Saudi Arabian stud farms along with all its horses, buildings, facilities, clinic and making the generous plan of sharing some of its pearls for free with other breeders – that's an idea being noted once in some breeders lifetime.

We are talking about the giant breeding plan of Mr Abdulaziz Saleh Abdulaziz Al Rajhi – the founder and owner of Al Rajhiat Stud in Saudi Arabia. For every Arabian horse lover the collection of most precious, entitled and famous horses is a dream, for Mr Abdulaziz is truly a dream coming true since 2020 when Al Rajhiat Stud has acquired one of the most entitled Arabian mares in the world, called „One in A Millon” - Perfinka (Esparto x Perfirka).

Started her career as a yearling in 2012 until 2020 Perfinka has been crowned as champion in all the continents she appeared at – in Europe, Middle East, America. Long list of her several champion titles (nine times gold, five times silver) includes those won at most important shows – World Championships (Silver Champion in 2013), PSAIAHF in Riyadh (Gold Champion in 2014), and three most important titles in the USA: National Champion, Breeders World Cup Champion and Scottsdale Gold Champion – all won with

gold in 2019 while on lease to Cedar Ridge Arabians, the owner of her champion dam – Perfirka purchased from Poland for 220 000 euro. Perfirka is a title holder of Autumn Show Champion, European Breeders Championship Champion and Best in Show (Poland), European Breeders and International Reserve Champion (France) and National Breeders Finals Senior Gold Champion in Scottsdale. Looking back into their pedigree on dam side Perfinka is the most entitled horse ever bred in the history of Białka State Stud of Poland. She represents the same P-damline of the mare Piewica as the famous Pianissima, Pinga or Pogrom or the past legends and the epitomes of world's breeding as Pilarka, Penicylina, Piruet or Pipi. Granddam of Perfinka – Perforacja produced 16 foals including incredible multichampion stallion and sire Pesal. The sire of Perfinka is Esparto - the best son of Ekstern- the Triplecrowned Champion and sire of champions for the last 2 decades around the world. Esparto's own collection of honors

Perfinka

ESPARTO X PERFIRKA

includes among others: twice Polish National Junior Reserve Champion, Wels International Senior Champion and Best in Show, Emirates Senior Champion, Doha International Senior Champion, Dubai International Senior Reserve Champion, Sharjah International Senior Champion, All Nations Cup Senior Reserve Champion, Al Khalediah Horse Festival Senior Reserve Champion, Polish National Senior Champion, European Senior Reserve Champion and four time World Senior Top Ten Stallion.

In the autumn of 2020 the crowned jewel Perfinka has found her new home at Al Rajhiat stud and in March 2021 she has been representing her new owner at the prestigious Dubai International Show. Scored as high as 92,70 points she was undoubt class winner in the senior mares.

The passing year of 2021 was lucky for Al Rahjiat Stud to acquire another superstar of Polish Arabian horse breeding. For the highest bid of 2021 Pride of Poland auction 450 000 euro (next to the mare Emandorissa sold for the same amount) the new home in Saudi Arabia found the World Champion Stallion Equator (QR Marc x Ekliptyka). New stable mate of Perfinka at Al Rajhiat Stud has also been crowned with enormous number of titles in almost all continents. He has been receiving the ribbons of gold champion 14 times including World Championships, 4 times European Championships, Arabian Breeders Classics

g

EQUATOR

QR MARC X EKLIPTIKA

and Arabian Breeders World Cup in USA, 8 times silver champion ribbon including those most important as 4 times World Reserve Champion, All Nations Cup Silver Champion, US National Reserve Champion, Silver Champion in Dubai and PSAIAHF in Saudi Arabia. Amongst his 4 bronze medals in the career we can find those from World Championship in 2014, and two times bronze at All Nations Cup in Aachen. Naturally, Equator became one of most popular sires in modern Polish breeding. His first foal crop in Poland brought Dong - Polish National Junior Champion Stallion, the filly Pontia - Junior Spring Show Yearling Silver Champion and Al Khalediah Arabian Horse Festival Yearling Bronze Champion Mare or Dastan - Junior Spring Show Yearling Gold Champion, Junior Spring Show Bronze Champion and Polish National Junior Bronze Champion Stallion. This year we will see the great Equator coming back to the world's arena again under the name of Al Rajhiat Stud. He

will go for the honors of Platinum World Champion Stallion pretenders. Interesting fact for Al Rahjiat stud owner taste for horses is that Equator's dam Ekliptyka is a full sister to Esparto – sire of Perfinka! The recent news that circled the Arabian horse community around the world is the acquisition of Al Muawd Stud – one of the most known Saudi Arabian farms by Mr Abdulaziz Al Rahji, together with Mr Abdullah Al Ameri as his partner in new ownership of Al Muawd Stud property. Al Muawd Stud part is managed by Mr Emad Al Rasheed. The acquisition includes all buildings, clinic and all the great horses! Amongst of the great successes of Al Muawd stud in the past we may not forget the winnings of Admiraal by Emerald J – European, All Nations Cup, UKHIAS and PSAIAHF Gold Champion Colt, Teejan Al Muawd by Alexander – Gold Champion Filly at PSAIAHF 2018, Venice MI – Gold Champion at All Nations

Photos by Jan Kan

Cup, PSAIAHF and Al Khalediah European Festival, Polish National Champion Mare, Silver at All Nations Cup and European Championships – Primera by Eden C, European Gold Champion – Mounira J by Emerald J, European Gold Champion and Gold Champion of UKHIAS and Kuwait International Show – Alia EA by Khidar – its just a few to mention from the long list of champions bred or own by Al Muawd stud in recent years. At last but not least another win for Al Rajhat Stud plan is having Mr Jamal Abdallah – the international coordinator who will join Al Rajhat team soon with his wide connections and big experience in Arabian horse community since 25 years now.

Amazing horses in the breeding barn and the spectacular come back to the show rings its not the only plan of Mr Abdulaziz Al Rajhi. The great vision of the owner for the new breeding operation at Al Rajhiat and Al Muawd under the new ownership includes sharing all their breeding stallions with

the other breeders at no charge! There is no doubt that the eyes of the international Arabian horse community from all around the world will be focused on Al Rahjiat Stud in the next months and years. We are wishing the best of luck and even more successes at the new Al Rahjiat journey!
