ASE Juilliard (Da Vinci FM x ASE Bisiriya Hlayyil)

**A**rabian Stud Europe is a boutique breeding program on the Dutch/German border based on the South American lines of Ali Jamaal and AB Magnum. At Arabian Stud Europe, the horses are bred for both the shows as also for riding. Several offspring have competed at international endurance events all over the world and even more are successful at (inter)national shows worldwide!

Chief sire of the stud is the six years old fleabitten stallion ASE Juilliard. Sired by US National reserve champion Da Vinci FM (Versace x Full Moon Astar) and out of the farm's ELITE mare ASE Bisiriya Hlayyil, a granddaughter of

Hlayyil Ramadan out of the farm's foundation mare Manilah, who is a granddaughter of Salaa el Dine.

Already at the age of three, ASE Juilliard has sired a National Reserve Champion filly and a Bronze champion colt! With his extreme type, incredible face with large dark eyes and tiny ears, he puts a stamp on all of his foals. With his strong legs and correct feet, he is also a great sport horse potential. His dam, ASE Bisiriya Hlayyil, was successful at the International CEI 2\* endurance races of 120+km! ASE Juilliard represents the best of both worlds!

## GERALDYNE EL JAMAAL

*One of the foundation mares of Arabian Stud Europe is the 20 years old Geraldine el Jamaal. Not only is Geraldine one of the youngest daughters of Ali Jamaal, she is also one of the best producing Ali Jamaal daughters in the world today. Her offspring are to be found everywhere in the world and consists mainly of Black fillies and a special Black colt by WH Justice. In 2018, Al Jood Stud, Qatar purchased two embryo rights from Geraldine el Jamaal. The first to be born was the amazing filly Qamar Al Jood by Qaysar al Jood, who have won many champion titles in Spain, always scoring above the 91 points. The second foal was again a filly, named Alicia al Jood by Alixir. This filly was sold to Morocco where she is also very successful at the shows, scoring also above the 91 points and who is currently preparing for the Middle East show*

*season. Arabian Stud Europe still has three fillies at the farm. One is ASE Gabriella al Gazal by Gazal al Shaqab, who is currently in foal to ASE Juilliard for 2023. The youngest one is a Black filly by AJ Yas named ASE Gioia el Yas.*

*Geraldine is also a very successful sport horse. At the age of 18, she started her endurance career. Now, at the age of 20, she is competing at the highest level and was awarded with several awards celebrating her success as an endurance horse. Her most recent success was in the summer of 2022 where she achieved a 4th place at the 192km Endurance race in the German Mountains, facing more than 3000 altimeters. It is save to say that Geraldine el Jamaal is one of those horses who can just do it all!*

## THE ZIGGY THYSSEN INFLUENCE

**A**nother legendary mare of Arabian Stud Europe is the famous, Canadian National Top Ten mare ZT Ludjteyna. Bred by Zichy Thyssen from Argentina, Ludjteyna is a daughter of Ludjin el Jamaal and comes out of the US National Champion & AHW Aristocrat mare Shahteyna. ZT Ludjteyna has also produced some successful offspring like the black colt Pistorius by EKS Alihandro who was an All National Cup Gold medal winner but she is most famous through her son ZT Marwteyn by Marwan al Shaqab.

For Arabian Stud Europe, ZT Ludjteyna produced an incredible filly named ASE Juillye el Teyna, sired by the farm's chief sire ASE Juilliard. Juillye has inherited the extreme face and type of her sire but got the long legs, long neck and feminine looks from her dam Ludjteyna. With her great show attitude and stunning movement, Juillye is a great successor of her dam.

ZT Ludjteyna has the respectable age of 25 years and is enjoying her time at the farm and her rides in the forest together with her bestie Geraldnye el Jamaal.

Another Ziggy Thyssen influence at the farm is the recent acquisition Sihaam al Salhiyah. Sired by ZT Magnanimus and out of the beautiful ZT Fantmaisa by ZT Shakfantasy. Sihaam was purchased from NM Arabians earlier this year and was named Bronze National Champion mare just two weeks after her arrival! Sihaam is a beautiful feminine mare with an amazing neck and fantastic movements. It will be exciting to see her offspring in 2024!

Also present at the farm is her half-brother, ASE Magnificent. Also sired by ZT Magnanimus but coming out of the ELITE mare ASE Bisiriya Hlayyil. Together with Talitha, ASE Magnificent was very successful as a sport horse. He won several endurance competitions, won two Best Condition awards at 80 km rides and won also the All Round Champion title at the 2022 Arabissimo sport contest for Arabian horses at all this before he reached the age of seven! In 2023, Magnificent will compete at several Cross Country events as well at the International CEI endurance events.

## THE LEGACY OF ASE BISIRIYA HLAYYIL

*One of the first fillies born at Arabian Stud Europe, was the 2008 grey mare ASE Bisiriya Hlayyil. Sired by Bishr (Hlayyil Ramadan) and out of the foundation mare Manilah (Radamess II x Marischka by Plakat). Bisiriya has changed the farm to its success it has today. Many foals of Bisiriya have been champion in the show ring all around the world. Bisiriya was also a very successful sport horse, winning the bronze medal at the CEI 2\* of 120km in Germany in 2016. She was also awarded with the ELITE certificate for her incredible production as a broodmare. This all before the age of ten! Unfortunately, Bisiriya passed away in 2020 due to a twist in her uterus.*

*She leaves the farm two sons, ASE Juilliard and ASE Magnificent and three fillies: the successfully shown ASE Kamiliya Hlayyil by Kahil al Shaqab and the two full sisters, Eshadah Bisiriya and Bisharat al Dawla by RHR Heir Of Marwan. The last one being in foal to Jyar Meia Lua for 2023.*

*With foundation mares that are proven sport horses at the highest level and still look like they could win any show in the world, Arabian Stud Europe has a strong base for her breeding program with a future that looks bright in both the breeding, show and sport division!*
