Mamma Palumbo, Pippo, Rfi Farid & Luca Oberti

It is truly a path to success what led Pippo and the whole Aretusa Team to conquer the highest titles in Europe. The patience, the love and the great dedication of Pippo Palumbo, manager and owner of the Aretusa Arabian Team, are the key to this great success.

Many are the beautiful horses that made Aretusa famous worldwide, but one above all is the great RFI Farid. Pippo saw him in Brazil together with his longtime friend Simone Leo, when he was only a little weanling. He directly recognized the hidden potentials of this little colt and without thinking too much about him he decided to buy him. Shortly after he was named Brazilian National Champion Colt. What a great success for our Pippo. And this was only the beginning. RFI Farid came finally to Europe and started an incredible show career. Shown by Luca Oberti, RFI Farid won several titles in Italy, culminating with the great win in 2009 at the Italian Nationals, where Farid was crowned Italian National Champion Colt. No greater joy for Pippo and for the Aretusa Team. Luca and Farid gathered several other important success together, both in Europe as in the Middle East. In 2010 the decision was made to bring Farid into the capable hands of Frank Spönle for the International show season. Success was right behind the corner. At their first show together, the International Kauber Platte show, Frank and Farid put together an amazing performance. And Farid was named Junior Champion Colt. And now they were ready to face a much more tough competition.

E' davvero la strada verso il successo quella che ha portato Pippo e il Team Aretusa a raggiungere i più importanti titoli europei. La Pazienza, Amore e Devozione di Pippo Palumbo, manager e proprietario dell'Aretusa Arabian Team, sono la chiave di questo grande successo.

Molti splendidi cavalli hanno caratterizzato la storia di Aretusa, ma uno su tutti è il grande RFI Farid. Pippo lo vide in Brasile, insieme al suo grande amico Simone Leo, quando era ancora un giovane puledro. Ha riconosciuto immediatamente il grande potenziale di questo giovane soggetto e senza pensarci troppo, lo comprò. Subito dopo Farid fu nominato Campione Brasiliano. Che successo per il nostro Pippo. E questo fu solo l'inizio. RFI Farid raggiunse finalmente l'Italia e cominciò una carriera invidiabile. Presentato da Luca Oberti, RFI Farid vince diversi titoli in Italia, culminando con la vittoria al Campionato Nazionale nel 2009, dove fu proclamato Campione Italiano Puledri. Non c'è gioia più grande per Pippo e per il Team Aretusa nel vedere il loro puledro vincere uno show così importante. Luca e Farid conquistarono altri numerosi successi insieme, sia in Europa che in Medio Oriente. Nel 2010 la decisione di affidare Farid al centro di Frank Spönle per la stagione degli show in Europa.

Il successo li aspettava dentro l'angolo.

Al loro primo show insieme, lo show Internazionale di Kauber Platte, Frank e Farid diedero vita ad una grandiosa performance. E Farid venne proclamato Campione Puledri. Ora erano pronti ad affrontare ben altra concorrenza alla Coppa delle Nazioni ad Aachen.

Frank & Rfi Farid at the 2010 World Championship in Paris

Next step was the All Nations Cup in Aachen. Pippo probably still remembers those moments. How could he forget? Farid performed beautifully and gained the title of Bronze Champion Colt. What a great success for a small breeder like Pippo. Farid faced the hardest competition. Now the hopes were high for Paris, for the World Championship. Again a great performance, probably the best Farid ever did. He really wanted to show his beauty and charisma. And among a great collection of colts, Farid was named Bronze Champion Colt, having 3 votes for Champion out of the seven judges.

Many breeders in Europe decided to breed to him, so the beginning of 2011 was dedicated to breeding. His first foals were born and were really special. After winning the title of Silver Champion-Stallion in Wels, Farid and Frank headed in July to the prestigious Elran Cup. Once again the competition was tough. Farid had to face world champions and world reserve champions. But this time Farid made it to the highest title and defeating all competitors he was named Gold Champion Stallion. Another precious memory for Pippo and for all Farid's fans.

Pippo ricorda senz'altro quei momenti. E come può dimenticarli? Farid era splendido e fu nominato medaglia di Bronzo. Che incredibile successo per un piccolo allevatore come Pippo. Il sogno continua, e la prossima tappa era il campionato del mondo di Parigi. Ancora un'emozionante performance, il miglior Farid di sempre. Sembrava volesse mostrare tutta la sua bellezza e il suo carisma. Nonostante un'incredibile selezione di puledri, Farid fu nominato medaglia di Bronzo, ricevendo 3 nominations come campione. Molti allevatori in Europa decisero di coprire con lui, quindi la prima parte del 2011 fu dedicata alle monte. I primi puledri nati da Pippo sono davvero speciali e Farid si afferma non solo come campione in show ma anche come riproduttore.

Dopo aver vinto il titolo di medaglia d'Argento allo show internazionale di Wels, Frank e Farid vanno verso la prestigiosa Elran Cup in Luglio. Ancora una volta la concorrenza non si risparmia. Farid questa volta deve affrontare campioni e riserve campioni del mondo. Ma stavolta Farid raggiunge il titolo più prestigioso e viene nominato Campione Stallioni. Un altro ricordo memorabile per Pippo e per i fan di Farid.
